President's Corner

Happy new year to all of you! I hope you had a safe and wonderful Christmas as well. My trip back to New Mexico was great. Don't forget that with the new year means it is time to renew. Please give your payment to George Brewer, WN4LTY, our new treasurer either at the club meeting or direct. The RCARC web page has his address listed on the new 2013 member application. The 2013 hamfest season is back into full swing. Frostfest is on my schedule as the first one I'll be attending. I want to make a push for more participation for our Thursday breakfast each week. We meet at the Sanitary Cafe in Reidsville between 7am - 7:30am. I know many of you work but our group of regulars has dropped from around 12 down to about 4. If you can make it, we would love to have you. Hopefully, by the time you read this, we will have finalized getting the 146.85 machine back on the air at the Ruffin location. More information to follow I'm sure. We have not given up our desire to get the 85 machine up and going at the old 911 tower in the Wentworth area. However, I have had no response at all from the Rockingham County School System. This is after repeated phone calls and a written letter. We have a few more things to try yet to see about getting use of their antenna.

A nation-wide network of radio stations broadcast continuous weather information from nearby National Weather Service (NWS) offices. You can get weather 24 hours a day. NOAA weather radios are the best way to receive warnings from the NWS. It is best to have a battery back-up and Specific Area Message Encoder (SAME) that will alert you when a watch or warning is issued for Rockingham county, N.C. (037157). Other SAME numbers can be found at:

nws.noaa.gov/nwr/indexnw.htm . Complete information is at NOAA's website: weather.gov/nwr or nws.noaa.gov/nwr . For current weather forecasts on the inter-net, go to NOAA's National Weather Service website: weather.gov . You can use either of the following URLs to access your complete weather forecast on a mobile device:

February 24 - 25th is the North Carolina QSO party. If you haven't been in one before, you're missing out on a lot of fun and contacts. I have obtained the 1 X 1 special event call N5C. I wanted N4C, but someone beat me to it. Anyway, I am trying to come up with a good or unique way of using the call for the QSO party. Anyone with suggestions or better yet would like to join me (all are welcome Techs - Extra), let me know.

More information on the QSO party can be found here: www.ncqsoparty.org

AREA NETS

Monday 8:00PM Southside 2-meter net 146.700 MHz 107.2 tone

The Virginia Southside net meeting is held each week. Quite a few of our Virginia members check into this net. The repeater should be accessible to most of us. It is used to provide net business and for announcements. Let's support our neighbors up north.

Monday 8:30PM RCARC 2-meter net 146.850 MHz 103.5 tone

This club net is a weekly meeting for announcements, business, and comments. We will use **147.345 MHz, 103.5 tone** if the 146.850 is unavailable. Please make it a priority to check into our net. Jamey, K4RVJ, and Mike, KD4CSJ, are looking to fill empty NCS slots. Thanks for your help.
